What is the Nonprofit Calendar?

With more than 800 nonprofit organizations serving the Clark and Floyd Counties region, One Southern Indiana (1si) recognized an opportunity to support our members and partners by providing greater transparency, accessibility, and a strategic planning tool for major annual events.

This calendar serves two primary goals:

1. To help nonprofits avoid scheduling conflicts for their most important events, and
2. To elevate and promote nonprofit activities across the broader community.

We are deeply grateful for the remarkable work our nonprofit members and partners do every day to strengthen Southern Indiana and the greater Louisville Metro area. This calendar is one small way we can give back by supporting your efforts, celebrating your impact, and saying “thank you” for making our community a brighter, better place for all!
